

# *AIRTHERM*

Focused Flame Torch Series \*ZS-P\*

***STABILISED FOCUSED FLAME  
HEATING AND BRAZING TORCH  
FOR  
PROPANE / ATMOSPHERIC AIR***

The new brazing and heating focused flame torch *AIRTHERM* \*ZS-P\* continues the tradition of Messer gas brazing and heating equipment with the quality and reliability, which is synonymous with Messer.

The torch series *AIRTHERM* \*ZS-P\* with stabilised focused flame for fuel gas propane/atmospheric air is a proven design incorporating the latest technical features necessary to meet the ever-changing applications and requirements for gas brazing and heating.

The brazing and heating torch *AIRTHERM* \*ZS-P\* is the low cost, high quality, value alternative.

**TORCH HANDLE *AIRTHERM* 2002**

cpl. with hexagon nut DIN 8542, PN40-G 3/8 LH and hose nipple  
DIN 8542, PN40-G 3/8 LH / 6,3 mm

Part No.:

0.463.452

**FOCUSED FLAME TORCH SERIES ZS-P**

with stabilised central flame cone

ZS 12/1,4-P  
Ø12mm/Ø1,4mm  
71651914

ZS 14/3,5-P  
Ø14mm/Ø 3,5mm  
71651915

ZS 14/6,0-P  
Ø17mm/Ø6,0mm  
71651916

**OPERATING DATA:**

Heating and Brazing Torch Size	Article Number	Fuel Gas	Nozzle Inner Diameter [mm]	Flame Cone Diameter [mm]	Propane (LPG)	
					Pressure [ bar ]	Consumption [ l/h ]
ZS 12/1,4-P	71651914	Propane (LPG)	12	1,4	1,5 - 2,0	20 – 23
ZS 14/3,5-P	71651915		14	3,5		35 – 40
ZS 14/6,0-P	71651916		17	6,0		107 – 124
